**Subject:** Additional United Heckathorn files

Hello,

Latham & Watkins/Montrose requested various data and modeling files that were used in the preparation of the draft Focused Feasibility Study. If you would also like to access the files that EPA's contractor compiled, the download information is available from Laura Levine at CH2MHILL. She can be reached at 510-587-7677 or 773-615-0403. Please let me or Taly know if you have any questions.

Sincerely,

Rachelle Thompson, MS, PE

Project Manager, Superfund Division

US Environmental Protection Agency Region 9
